## DAY 1

Upon arrival at Kilimanjaro International Airport, you will proceed to the Coastal Aviation desk for your light-aircraft flight to Tarangire National Park, just 20-minutes away (15 kg luggage limit per person; soft bags required for all flights on this itinerary). Your guide from Little Oliver's will meet you here and game drive you back to camp, where you can settle in and enjoy some lunch. Relax during the heat of the day before afternoon tea is served, and then go out on an afternoon game drive to explore this varied and wildlife-rich park. The large elephant herds, numbering in their hundreds are a real highlight here! In the drier months be on the look-out for exceptional birdlife, plains game and predators. This is an excellent year-round location.

### TARANGIRE NATIONAL PARK

- Wildlife: Elephant, buffalo, leopard, lion, hyena
- 550 bird species
- Safari activities: Game drives, walking safaris, night game drives and seasonal fly-camping (additional cost)
- Varied ecosystem to explore: Baobab forests, rivers, grassy plains and lush green swamps, which are a magnet for wildlife
- The perfect first stop on safari

### PIONEERING CONSERVATION INITIATIVES

# OLIVER'S CAMP

The first camp to have been built in Tarangire, Oliver's occupies a prime position in the heart of the park, near the Silale Swamp, which is a magnet for wildlife year-round. Each tent has a deck overlooking the floodplain below, and an en suite bathroom with indoor and outdoor shower. Furniture has been hand-crafted from old dhow timber (traditional sailing boats found off the coast of Tanzania). There is a spacious two-level lounge area with an upper viewing deck and telescope and plenty of places to sit and relax between activities. Expert guides are there to showcase the best of this diverse national park on game drives, walking safaris and night drives.

## CAMP QUICK GUIDE

- Excellent Guides & Hosts
- All tents have en-suite bathrooms with indoor & outdoors showers.
- Only 10 tents in camp - Luxury
- Magnificent game viewing & stargazing
- Wi-Fi in camp

## DAY 2:

Join our guides on a guided walking safari, learning to look for signs of wildlife nearby, from bird calls to tracks in the earth. You can approach smaller creatures such as warthogs, small antelope species and birdlife, all of which are less skittish when approached on foot compared to a vehicle. Return to camp for lunch and a rest during the heat of the day. Head out on a late-afternoon game drive, stopping for sundowner drinks in a scenic spot. The adventure continues with a night game drive, seeking out nocturnal species such as mongoose and nightjars, as well as predators such as lions on the move. Return to camp for a late dinner.

## DAY 3:

Depart after a leisurely breakfast for the airstrip. From here, you will fly over Lake Manyara to the Manyara Airstrip. A guide from The Highlands will drive you through coffee plantations towards the Ngorongoro Crater, a journey of 3 hours to reach the property, enjoying a packed lunch on the way. Stop at the viewpoint overlooking the crater to soak in the spectacular landscape and continue your drive around the rim until you reach the Olmoti Crater, where you will stay for the next two nights. If you feel like stretching your legs, you can opt for a guided walk from the camp up to the rim of Olmoti Crater, passing through dense forest and waterfalls on the way..

## NGORONGORO REGION

- Ngorongoro Crater is one of the most unique safari destinations in Africa, where wildlife lives on the floor of a dormant volcano
- Wildlife: Lion, leopard, black, rhino, elephant, buffalo, zebra, wildebeest
- Visit authentic Maasai communities
- Walk on or around the other lesser-known craters nearby
- Altitude in the region varies between 1,700 and 3,300 metres above sea level, so night-time temperatures drop significantly — pack warm clothes for the evenings and early mornings

## PIONEERING CONSERVATION INITIATIVES

# THE HIGHLANDS

Located in an unspoilt and rarely explored area on the edge of Olmoti Crater, The Highlands offers guests the opportunity to enjoy spectacular walks and authentic Maasai community visits, as well as game drives in the famous Ngorongoro Crater. The lounge and dining areas, offer a unique modern architectural design in the form of geodesic domes dotted throughout the forest, offering a stylish retreat in this wild landscape. Each guest dome has a wood-burning stove, sheepskin rugs and balcony, as well as a wood-panelled en suite bathroom. When you're not out exploring, enjoy breakfast on the deck overlooking the vast and untouched Ngorongoro highlands, indulge in afternoon tea beside the central fireplace, or head to the Olmoti bar for a whisky.

## CAMP QUICK GUIDE

- Excellent Guiding and hosting
- All domes with wood-burning stove and plentiful blankets to keep guests warm
- All domes are en suite with hot showers
- Honeymoon dome with outdoor bathtub
- Wi-Fi in camp

## DAY 4:

After an early breakfast, depart with your guide for the Ngorongoro Crater, a drive of around an hour until you reach the descent road. Spend the morning game-driving on the crater floor in search of the varied wildlife that lives here. You'll enjoy a picnic lunch during the heat of the day in a shady spot before driving back to The Highlands, where you can relax a little. In the late afternoon, a guide will take you to one of the nearby Maasai villages, where you can learn more about this rich culture and take part in their afternoon activities, which often include rounding up cattle into the boma for the night.

## DAY 5:

Depart by road for the Manyara Airstrip, 3 hours away, where you will catch a flight to the central Serengeti, just 45-minutes away. A guide from Namiri Plains will meet you at the airstrip and game drive you back to camp, stopping for any wildlife sightings along the way. Settle into your tent before going on an afternoon game drive. The Serengeti is impressive in terms of both the diversity and density of wildlife found here, so there is plenty to discover each day. Return to camp in the early evening for drinks around the campfire and dinner.

## SERENGETI NATIONAL PARK

- 15,000 km<sup>2</sup> of vast savannah plains
- One of Africa's most wildlife-rich and iconic national parks
- Part of the larger Masai Mara-Serengeti ecosystem, where the 2-million-strong herds of wildebeest, zebra and gazelle make their Great Migration year-round
- Wildlife: Lion, cheetah, leopard, elephant, buffalo, rhino, wildebeest, zebra, giraffe, hyena, hippo
- More than 300 bird species
- Safari activities: Game drives and hot-air ballooning (additional cost)

# NAMIRI PLAINS

A stylish tented camp offering the perfect blend of adventure and comfort. Namiri Plains is located in the eastern sector of the Serengeti, where guests can explore a vast area that was closed off for 20 years for big-cat research and which is therefore still truly unspoilt. Wildlife sightings here are exceptional, particularly of cheetah, lion and leopard, and guests explore the open plains, plateau and acacia woodland on game drives and walks with expert guides. There are ten spacious tented rooms set on decking, with large stretch canvas roofs to provide shade, shelter from the wind and privacy. Each has a bathtub on the deck, cleverly screened from neighbouring tents. There is a central lounge and dining tent, as well as a swimming pool and spa, where you can unwind between safari activities.

# CAMP QUICK GUIDE

- Prime access to the eastern Serengeti, previously closed off to tourism for big-cat research for more than 20 years
- All tents have en suite bathrooms with indoor shower and outdoor bathtub
- Private dining
- Wi-Fi in camp

## DAY 6:

Enjoy morning and afternoon game drives from Namiri Plains, accompanied by expert guides who know the grassy plains, kopjes and acacia woodland like the back of their hands. Search for some of the resident cats but don't forget the other species too, from giraffe and hippo to wildebeest and buffalo, as well as plentiful birdlife. You will return to camp during the heat of the day to relax by the pool or have a massage to revive you for the afternoon's activities..

## DAY 7:

After breakfast, you will be driven to the airstrip for your morning flight south to Ruaha National Park, with a duration of approximately 2 hours. A guide from Jabali Ridge will meet you and game drive you through this very different park, arriving at the camp for lunch. Settle in here and enjoy views overlooking the baobab forest, and a refreshing swim in the infinity pool, before going on an afternoon game drive, exploring the sandy riverbeds looking for elephants as they dig for water or leopards hiding in the rocky kopjes.

# JABALI RIDGE

Built around the granite boulders of one of Ruaha's distinctive kopjes, this stylish retreat offers the perfect base for exploring the beautiful, rugged wilderness. Each of the eight suites is built in and around the boulders, overlooking the baobab forest beyond. All have louvre shutters that form the walls so you can open or close up the room as much as you wish. The main areas include an infinity pool, spa and plenty of decks, seating areas and dining locations meaning time spent in camp is as enjoyable as the safari activities. Expert guides lead game drives and walking safaris to seek out the unique and varied wildlife of Ruaha, and the camp is located in a key wildlife zone of the park.

## CAMP QUICK GUIDE

- The most sophisticated safari property in Ruaha
- Property built around a rocky kopje
- All rooms have en suite bathrooms
- Infinity pool
- Only 8 suites
- Private and dining
- Wi-Fi in camp

## DAY 8:

Enjoy a morning walking safari today to experience the flora and fauna from a different perspective, taking in the sounds of bird calls, looking for tracks and signs in the earth, and encountering smaller creatures, which often run away at the sound of a vehicle. Return to the camp to rest and relax, enjoying lunch and some pool time before an afternoon game drive to explore further afield. Ruaha's varied terrain is home to a wide variety of wildlife including large herds of buffalo, hippo, more unusual antelope species such as sable and lesser kudu, and — if you are really lucky — wild dog, which roam huge distances each day in search of their next meal making sightings impossible to predict.

## DAY 9:

You'll have a final breakfast at Jabali Ridge before a drive to the airstrip for your late-morning flight to Dar es Salaam. The flight will likely stop a couple of times on the way to drop off/pick up passengers, and the total journey will be approximately 2 hours. You will land at the domestic terminal and the airline will help you transfer the short distance to the international terminal, where you can check-in for your international flight home or continue your journey with option of extending to the beautiful Island paradise of Zanzibar.
